DETAILED ACTION

Response to Amendment

1. The reply filed on 6-10-04 is not fully responsive (<u>See also</u> 37 CFR 1.111) to the prior Office Action because of the following omission(s) or matter(s):

Claims 17-27 recite "system" which is vague and indefinite since the common meaning of the term does not clearly determine the statutory class of invention. Since the term system may encompass more than one statutory class, there is a requirement for an indication on the record as to what statutory class of invention the "system" claims belong to (see MPEP 2106.IV.B). The statutory provision for this requirement may be found in 35 U.S.C 101 that recites the statutory classes of invention.

The terms "system", "database" and "server" are not listed in 35 U.S.C 101. The terms "database" and "server" may be entirely separate classes of invention (i.e. a process limitation, apparatus limitation, etc....).

The class of invention of the claims must be made of record by applicant.

2. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE** (1) **MONTH or THIRTY** (30) **DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
